

Job Description:

Focal is seeking an experienced part-time litigation attorney to support our litigation practice. Our ideal candidate has at least 3-5 years of experience at an established law firm, and perhaps a clerkship. We're looking for someone who still wants to practice 10-15 hours per week but needs a flexible work schedule.

We handle a range of litigation matters, including commercial and intellectual property disputes, brand protection matters, trademark disputes (including in front of the Trademark Trial and Appeals Board), corporate divorces, cannabis disputes, and arbitrations.

- We are looking for someone to do legal research, draft and respond to discovery (including e-discovery), draft and respond to motions and demand letters, and generally play a support role for our litigators.
- Experience with intellectual property disputes is a plus but not required.
- We work in a distributed environment so the person needs to be comfortable working in this setting (e.g., using Google docs, Slack, and receiving projects via email, conference calls, etc.).

We are proud that Focal maintains a collaborative work environment with legal professionals who strive to maintain a healthy work/life balance. Focal attorneys enjoy the ability to work from home when appropriate.

Focal is a minority owned business. We place a high premium on diversity. Women, people of color and LGBTQ candidates are encouraged to apply. We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, gender, national origin, age, genetic information, creed, marital status, sexual orientation, gender identity, disability status, protected veteran status, or any other protected status as defined by federal, state or local law. We have a great team and consider ourselves a lifestyle firm in that we try not to work ourselves to death while at the same time handling sophisticated and interesting work.
